RAPID

- ▶ Suitable for any type of one step Grinding: Coarse- Fine-Ultra Fine
- ▶ Ready to on Use magnetic base
- ▶ No pre-dressing required
- ▶ Water or Lubricant cooled
- ▶ Longlasting
- ▶ Easy to clean
- ▶ Consistent during all life time

Lappo R

- ▶ Suitable for one step Fine Grinding of Materials HV >150
- ▶ To be used with G&G Diamond Suspensions
- ▶ Hard wearing and wasting
- ▶ Easy to clean
- ▶ Re-usable
- ▶ Consistent during all life time

Lappo M

- ▶ Suitable for one step Fine Grinding of Materials HV <150
- ▶ To be used with G&G Diamond Suspensions
- ▶ Hard wearing and wasting
- ▶ Easy to clean
- ▶ Re-usable
- ▶ Consistent during all life time

RAPID Lappo

G&G is an Italian manufacturer of machines and consumables for lapping, polishing and metallography. Our products are designed and crafted for outstanding performances and consistent results using premium quality raw materials.

Try our range of consumables for metallography including :
